

2018 Land Use Training & Education Program

SPONSORSHIP PROGRAM

From basic to advanced core content, to special and emerging topics, the **Land Use Training & Education Program** is designed to provide opportunities for elected and appointed officials, land use planning and zoning staff, the business community, community-based organizations, and concerned citizens from cities, suburbs, towns, and rural areas to engage in conversations and collaborative learning that will drive toward equitable and sustainable land use outcomes.

Approximately 18 workshops for over 400 attendees will be held between April and November in various locations across Minnesota. By being a sponsor of the Land Use Training & Education Program, your organization can show its commitment and support for equitable and sustainable land use to a broad audience of stakeholders who are driving planning and zoning decisions in communities across the state. Your financial contributions help to underwrite the cost of producing these workshops, helping to keep the cost of attendance affordable for government and civic sector attendees.

OPPORTUNITIES

This year we are offering several opportunities to raise your organization's brand profile and position your organization as a leader and influencer. When you support the Land Use Training & Education Program, you increase your visibility to a wide-reaching community of engaged and influential attendees. The more you invest, the more visibility and sponsor benefits you receive!
